**Total entries were- 107.**

**Day 1 feedback responses were -120**

**Day 2 feedback responses were – 103**

## Course Objective

Due to COVID-19 teachers are faced with a daunting task to conduct classes. There are several ways teachers can utilize the technology and resources already available to support online learning and ensure students still receive a quality education. To design your class interesting and to unleash the advantages of educational technology – may it be a complete online or blended will take you on a journey of “New Era Teaching”. In this FDP we will explore how online learning takes place, how to design your lesson using various online tools for conducting activities and tracking the performance of the students.
